

AVIATION EXPERIENCE

Presented by:

**CANADIAN WARPLANE
HERITAGE MUSEUM**

&

THE PROGRAM

The Top Aces Aviation Experience was developed to immerse students into the fascinating world of aviation. It puts them inside real aircraft, shows them the magic of flight through incredible cinematography and provides the unforgettable experience of flying high performance flight simulators.

The program includes the four 1 hour activities listed below:

“At The Controls” Flight Simulation

Students experience flight at the controls of F/A-18 Hornet flight simulators including 20 minutes of pre-flight training and a 20-minute simulator flight. Training and the flight are focused on either aircraft landings or air-air combat as chosen at the time of booking.

Guided Hangar Tour of the Museum’s Historic Aircraft

Your students will be guided through a one hour tour of the museums beautifully restored aircraft, many of which still fly today. Students experience the aircraft up close as their tour guide use the aircraft to engage them in a presentation about aspects of aviation such as Canada’s rich military aviation history or the general principles that make flight possible.

“The Magic of Flight” Documentary Movie

“The Magic of Flight” is a 40-minute documentary on flight from its beginnings with the Wright Brothers through to the Blue Angels featuring spectacular aviation video footage followed by an opportunity for teachers to tie the movie’s content into their classroom work.

Mayday! Mayday! Mayday! SAREX Team Survival Exercise

Survival is the name of this activity. The students aircraft has crashed and participants need to use critical thinking to survive in this teambuilding exercise based on real world pilot survival training. The survival exercise is approximately 30 minutes and is run in conjunction with a mid- day lunch break.

THE SCHEDULE

	Example Activity Schedule for 16 to 32 People			
Group	Hour 1	Hour 2	Hour 3	Hour 4

Delta	Hangar Tour	SAREX / Lunch	Magic of Flight	Simulators

COST, PLANNING AND BOOKING INFORMATION

Target Audience

Ideal for grades 6 and above for groups from 8 to 32 participants.

Cost

Cost per student is \$24 and includes there 40 minute simulator training and flight.

Payment

Payment is expected upon arrival. We accept payment by Visa, Mastercard, Interac, cash or

cheque payable to Canadian Warplane Heritage Museum. A \$20.00 administration fee will be added if payment is not made upon arrival and invoicing is required.

No payment is required for supervisors up to a maximum ratio of 1:8 (supervisors to students). In addition to at least one teacher a minimum of two supervisors is required. Additional adults will need to purchase their own admission at the general admission rate. A support person accompanying a student with a disability will be admitted free.

The program is HST exempt. Programs, prices and policies are subject to change without notice. No additional coupons, promotions, passes or membership discounts apply.

Supervision

Supervisors are required to remain with their students and be responsible for discipline at all times. Please ensure that your students and supervisors are aware that the following conduct is not acceptable:

- loud, profane and inappropriate language
- sexual harassment
- racial and ethnic discrimination
- disrespectful or physically aggressive behaviour
- conduct which is harmful to the exhibits and displays or disruptive to other visitors
- food and drink outside the designated areas

Booking Your Visit

Please contact Steve Bigg at 905-679-4183 Ext. 248 or email him at sbigg@aircombatzone.com to book your Top Aces Aviation Experience visit.

Confirming Your Visit

Your visit is not confirmed until you have received a Confirmation Form. The full cost of your visit as shown on your Confirmation Form will be charged upon arrival. Any changes, increases or decreases in numbers must be confirmed no later than 5 business days prior to your visit. Cancellations received after that date will be charged a cancellation fee equivalent to the minimum charge in the particular program.

Gift Shop

As part of our Education Program, we always allocate time for a short visit to the Gift Shop. Ensure your students and parents are aware and come prepared. There is a wide selection of items with kid friendly pricing such as aviator glasses, toys, books & posters. We also carry a large selection of aviation t-shirts, jackets, hats, models & prints.

NOTE: Availability of this program is limited due to simulator availability. Booking well in advance is recommended.
